Education

2014 **PhD in Materials Science and Engineering**
Northwestern University. Evanston, IL.
THESIS : Buried Organic–Inorganic Interfaces in Biological Minerals
ADVISOR : Dr. Derk Joester

2008 **BASc with Honours in Materials Science and Engineering**
University of Toronto, Toronto, ON.
THESIS : Hybrid Nanocrystalline Mesoscale Periodic Cellular Materials
ADVISOR : Dr. Glenn Hibbard

Professional Experience

2017- **Senior Scientist**, Nano Precision Medical, Emeryville, CA.
Solving materials science challenges to develop a titanium oxide nanotube membrane for a sustained release drug delivery application.

2016-2017 **Materials Scientist**, Nano Precision Medical, Emeryville, CA.
Developing tools and techniques to characterize strcture and chemistry of nanoporous titanium oxide membranes.

2012-2014 **Technology Consultant**, PreScouter, Chicago, IL.
Technology scouter connecting corporate innovators to new technologies.

Research Experience

2014-2016 **Wiley Distinguished Postdoctoral Fellowship**, Environmental Molecular Sciences Laboratory
Pacific Northwest National Laboratory, Richland, WA.
ADVISOR : Dr. A. Scott Lea
In situ electron microscopy and FTIR of ice nucleation on nanoporous surfaces and model atmospheric aerosols.

2008-2014 **Biomineral Engineering Group**, Department of Materials Science and Engineering
Northwestern University, Evanston, IL.
ADVISOR : Prof. Derk Joester
Characterization of nanoscale buried organic–inorganic interfaces in biological minerals with atom-probe tomography.

2007-2008 **Hybrid Materials Group**, Department of Materials Science and Engineering
University of Toronto, Toronto, ON.
ADVISOR : Prof. Glenn D. Hibbard
Developed and characterized a sub-millimetre scale periodic cellular material fabricated using rapid prototyping and electrodeposition of high-strength nanocrystalline nickel.

2005-2007 **Orthopaedic Biomechanics Lab**, Sunnybrook Health Sciences Centre, Toronto, ON.
ADVISOR : Prof. Cari M. Whyne.
Characterized a elastin-hyaluronan composite hydrogel for tissue engineering of the nucleus pulposus. Developed an atlas-based method to automate segmentation of vertebrae on CT scans. Developed and validated a finite element model of pelvic lateral compression fracture stability.

2004-2008 **Concrete Canoe Team**, Civil Engineering, University of Toronto, Toronto, ON.
ADVISOR : Prof. Kim D. Pressnail
Coordinated the development, testing and implementation of a carbon fiber reinforced polymer modified lightweight aggregate concrete composite for use in the construction of a racing canoe.

Teaching

2012 **Biominerals: Hierarchical Architecture and Function**, Northwestern University.
Lecture on the structure and function of the chiton tooth.

2011 **Introduction to Materials Science**, Northwestern University.
Laboratory assistant.

2009 **Introduction to Materials Science**, Northwestern University.
Teaching and laboratory assistant.

2009 **Introduction to Materials Science**, Northwestern University.
Teaching and laboratory assistant.

Grants, Honours & Fellowships

2014 **W.R. Wiley Distinguished Postdoctoral Fellowship**, Environmental Molecular Sciences Laboratory, Pacific Northwest National Laboratory.

2012-2013 **Terminal Year Fellowship**. McCormick School of Engineering, Northwestern University.

2010-2012 **Postgraduate Scholarship, Doctorate**. National Science and Engineering Research Council of Canada.

2009-2010 **Postgraduate Scholarship Extension, Masters**. National Science and Engineering Research Council of Canada.

2008-2009 **Appointed University Scholar**. The Graduate School, Northwestern University.

2008 **Walter P. Murphy Fellowship**. Department of Materials Science and Engineering, Northwestern University.

2008-2009 **Postgraduate Scholarship, Masters**. National Science and Engineering Research Council of Canada.

2008 **Alexander Graham Bell Canada Graduate Scholarship, Masters**. National Science and Engineering Research Council of Canada, *declined*.

2008 **Ontario Graduate Scholarship, Masters**. Ontario Graduate Scholarship Program, *declined*.

2008 **Stanford Graduate Fellowship**. Stanford University, *declined*.

2004-2008 **Dean's Honour List**. Faculty of Applied Science and Engineering, University of Toronto. *(4 years)*

2007-2008 **Stelco Scholarship**. Department of Materials Science and Engineering, University of Toronto.

2006-2007 **Undergraduate Student Research Award**. National Science and Engineering Research Council of Canada. *(2 years)*

2005-2007 **Scholarship**. Department of Materials Science and Engineering, University of Toronto. *(2 years)*

2005 **Research Summer Studentship Award**. Sunnybrook Health Science Centre.

2004 **Entrance Scholarship**. Department of Materials Science and Engineering, University of Toronto.

Publications & Presentations

Journal articles

2016 Nune, S. K., Lao, D., Heldebrant, D. J., Liu, J., Olszta, M. J., Kukkadapu, R., **Gordon, L.M.**, Nandasiri, M. I., Gotthold, D. W., Schaef, H. T. "Anomalous Water Expulsion from Carbon Rods at High Humidity." *Nature Nanotechnology* 11, 791.

2015 **Gordon, L.M.**, Cohen, M.J., MacRenaris, K., Pasteris, J.D., Seda, T., Joester, D. "Amorphous Intergranular Phases Control the Properties of Tooth Enamel." *Science* 347, 6223 (2015).

Awards

2013 **Microscopy & Microanalysis Presidential Scholar Award**, Microscopy Society of America and the Microanalysis Society.

2011 **Second Place: Presentation,** 11th International Symposium on Biomineralization. Noosa, Queensland, Australia.

2009 **Finalist**. Materials Research Society Science as Art Competition.

2009 **Image of Distinction**. Nikon Small World — Photomicrography Competition. [URL] [IMAGE]

2008 **First Place: Technical Report.** Canadian National Concrete Canoe Competition, Halifax, NS.

2007 **First Place: Technical Presentation.** Canadian National Concrete Canoe Competition, Kingston, ON.

Professional Service & Extracurriculars

2013 Symposium Assistant, XXII International Materials Research Congress (IMRC). Cancun, Mexico.

2013 Session Chair, Cameca Atom Probe Tomography User Meeting. Madison, WI.

2012 Symposium Assistant, Materials Research Society Spring Meeting. San Francisco, CA.

2010 Science Fair Judge. Chicago Public Schools, Area 9.

2010 Science Fair Judge. Chicago Public Schools, Area 4.

2009 Student-Faculty Representative, Materials Science Student Association, Northwestern University.

2007-2008 Project manager, University of Toronto Concrete Canoe Team.

2005-2007 Head of concrete mix and composite design, University of Toronto Concrete Canoe Team.
